

## Year 5 Homework Grid – Terms 3 and 4

**In addition to your homework, you can choose to complete any activities from this grid and hand them in when you have completed them.  
I will award up to 5 house points for completed work based on the quality, accuracy and presentation of the work.**

<b>Shorter Activities</b>				<b>Longer Activities</b>
<b><u>English</u></b>	Recommend a reading book to the class, explaining your choice.	Make a grammar glossary. You can present this however you choose.	Write a poem about the weather. Which poetic devices will you choose?	One of our class reads has been Kensuke's Kingdom by Michael Morpurgo. Write an adventure story which takes you on a journey to another place.
<b><u>Maths</u></b>	Draw five 2D shapes on plain paper using a ruler and protractor.	Write some calculations using Roman numerals instead of numbers.	Invent a game using fractions, decimals and percentages.	Investigate the prices of ten food items in three different supermarkets.
<b><u>Science</u> <u>(Materials)</u></b>	Find five substances that will dissolve in warm water.	Investigate some materials to find out if they are porous or not.	Present some information about a famous scientist.	Make a poster about different forces.
<b><u>RE</u> <u>(Places of Worship, Easter)</u></b>	Make a poster showing the different symbols of the six main religions in the United Kingdom.	Write a diary entry about something you are giving up for lent.	Share information about three famous paintings of Jesus' crucifixion.	Compare and contrast three places of worship.
<b><u>ICT</u></b>	Create some WordArt.	Learn to touch type using a touch typing programme.	Research and find a favourite online Maths game to demonstrate and share with the class.	Collect some data and present it using a spreadsheet.
<b><u>Geography</u> <u>(The Geography of North and South America)</u></b>	Make a fact-file of ten key facts about North and South America.	Present some information about a famous person living in North or South America.	Research how many countries there are in North and South America. How many can you find?	Compare two different food dishes from North and South America.
<b><u>Creative Arts</u></b>	Create a piece of digital art; you can print it and bring it in or email it in.	Follow a recipe to make some biscuits. Bring in or email a photograph of your completed bake.	Research your favourite song and present some information on it.	Practise a sporting skill to demonstrate to the class.
